

Ministering H.O.P.E. to Children Seminar

Kidsreach www.kidsreach.org.au

kidsreach@gmail.com

This hope is a strong and trustworthy anchor for our souls. Hebrews 16:19

In the last few years, children and their families have either experienced, witnessed or been exposed to through the media, a major war, floods, fires, drought, shootings, fears about climate change and a worldwide pandemic. There have also been gangland shootings, earthquakes, landslides, and volcanoes. Our children have been affected, particularly by the pandemic, and the effects on children, families and children's ministry have been significant.

Even before these events, the Australian Government reported that about 1 in 7 children aged 4-17 had recently experienced a mental disorder. The most common condition was ADHD, followed by anxiety, depression and conduct disorder.

Parents, teachers and leaders should be concerned.

In this 4-hour seminar, you will be shown how to help children understand Christian and biblical H.O.P.E., which is way more than simply wishing things could be better. It is a confident expectation that things will be okay. You will learn how to help children come face to face with the love and comfort of Jesus and build into their lives resilience and positive ways of handling grief. They will come to know that God is faithful and will fulfil every promise he has made and will place eternal HOPE in their hearts for their present and future.

You will also learn how to use the free curriculum H.O.P.E.

Dr David Goodwin, Seminar Presenter and author of the H.O.P.E. curriculum

The next seminar in WA is at Northam on Saturday 24 June 2023.

Hosted by Bridgely Church of Christ 93 Wellington Street Northam WA 6401, 9am to 1pm
